

Precision Filtration Products

YOUR ONE  FOR FILTERS.

SYS-SERIES

FILTERING, FLUSHING & HEATING SYSTEMS

SYS Series includes a broad range of custom & standard units manufactured to meet specific customer needs. From pumping stations & flushing skids to stand-alone heating systems, we can build custom solutions for your oil purification needs.

Our System Series combines the varied product lines that we manufacture into one integrated piece of equipment. This capability distinguishes us from the competition and enables us to provide effective, efficient and low cost custom designed equipment to meet your specific needs.

Gulfgate has been manufacturing quality systems for over 40 years, we may have built the "SYSTEM" that is exactly what you are looking for today. Your inquiry is the only way we can put you in the System Series.

SYS-2400-BF-HE-SP Flush Skid

Precision Filtration Products

YOUR ONE  FOR FILTERS.

APPLICATIONS:
