

## **REPLACEMENTS FOR FARR® GOLD CONE™**

***Need a replacement for the Gold Cone?***

*Precision Filtration Products offers a retrofit cartridge for the FARR Gold Series® Dust Collector.*

### ***BENEFITS of REPLACEMENT CARTRIDGES:***

- *Better air flow*
- *More efficient cartridge cleaning when pulsed*
- *Heavy inner core to prevent collapse*
- *Synthetic media*
- *Reusable head plate*
- *Used filters are cleanable (call us for details)*

### **Instructions for Installing PFP retrofit:**

1. Remove Farr cartridge including mounting plate.
2. Carefully install the reusable head plate onto the filter as shown.
3. Be sure the install the plate with the tabs upward to center the filter in the head plate
4. Reinstall cartridge/mounting plate into collector.

For filter change-out, order **PFP** filter only, and reuse the head plate.

**Call PFP for all of your filter replacement needs.**
