PFP15-IMH ICE MAKER FILTER

#### INSTALLATION TIPS

- Choose a mounting location suitable to support the full weight of the system when operating
- Install vertically so bowls nag down
- Allow 2-1/2" clearance below the cartridge for easy cartridge replacement
- Make sure o-ring on bowl is sufficiently lubricated
- Always screw on bowls by hand; do not use a housing wrench
- Flush filter by running water through filter according to cartridge instructions.

#### OPERATION TIPS

- Change cartridges on a regular 6 month preventative maintenance program
- Change cartridge when capacity is reached or when pressure decreases
- Always inspect O-ring; change and/or lubricate if necessary
- Clean bowl with mild solution of detergent before inserting new cartridge
- Always flush the filter cartridge at time of installation and cartridge change
