VAE Project Form

DR Number:	Requested by:			BOM:			Date:	
For Customer:			Conta	Contact Name & Phone Number:				
Customer Type:			Quan	Quantity & Target Price:				
Drawing Type:								
Sales Drawing Number:								
Part Number:								
Part Description:								
Reference Drawing:								
System Type:				Motor Starter Required:				
Flow Rate:								
Vacuum Level In Crankcase or Reservoir:								
ATEX Requirement:								
Vacuum Source: If Other, Specify:			ecify:	y:				
Motor Voltage:		Phase:			Frequency:			
Motor Enclosure:		If (If Other, Specify:	r.			
Vacuum Source Mounted To Tank:								
System Mounting Details (Space Constraints, Leg support, Lifting Lugs, etc):								
Vacuum Relief Valve:			F	Pressure Relief Valve:				
Element Differential Gauge:			ι	Unit Of Measure:				
Tank Material:			Т	Tank Finish:				
System Inlet:			Т	Taps:		Size:		
System Outlet:			Т	Taps:		Size:		
Drain Ports: Location:				Size:				
Piping Material:			F	Piping Finish:				
Hardware Material:								
Other Material Requirements:								
Element (Supplied By Engineering):								
Crating/Packaging Requirements:								
Specific Test Data/Certification Required:
